## EDUCATION

### Bachelor of Engineering (B.E), Computer Science (2016 - 2020)

Fr Conceicao Rodrigues Institute Of Technology

CGPA : 7.67/10

### XII (Senior Secondary), Science

Year of Completion: 2016

HSC Board (L.V.H,Nashik)

Percentage : 79.27%

### X (Secondary)

Year of Completion: 2014

SSX Board (C.H.E.S,Dhule)

Percentage : 88.80%

---

## PROJECTS

### Sentiment Analysis

Feb 2019 - May 2019

<https://github.com/akashkankariya/Sentiment-Analysis>

We have created a notebook through which we fetch data from twitter API and give a sentiment score to each fetched tweet. Using these data we stream graph using bash through analyze overall sentiment of word or sentence.

### Hotel Managment Website

Aug 2018 - Nov 2018

[https://github.com/akashkankariya/Hotel\\_Managment](https://github.com/akashkankariya/Hotel_Managment)

Developed a website in which a user can make reservations .It also had an admin side which provided facility to update room,view room details,manage customer,etc.This was my 5th semester Engineering College Project.

## College Website

Jun 2018 - Jul 2018

We created summer project in which we built an examination result tab where results are sorted by branches and semester. This provided facility for students to access only his/her results of each semester.
